Langham Hall – London – Depositary Associate

Dear Hiring Team,

I am applying for the Depositary Associate role in London. Oversight of real estate and private equity funds against their constitutional documents, Annex IV reporting and testing transaction evidence for subscriptions, drawdowns and distributions is the work I have done across an AIFM, a fund administrator and a private equity firm in Luxembourg.

At AManco, a EUR 10 billion AIFM, I monitored real estate, private equity and fund-of-funds portfolios, worked on AIFMD Annex IV reporting and produced quarterly reports for the Board. At UBS Fund Administration Services I worked in transfer agency for private equity and real estate funds, processing subscriptions, capital calls, distributions and investor transfers and validating more than 100 Partners' Capital Account statements against fund documents. At Arendt Regulatory and Consulting I carried out AML/KYC reviews and risk assessments, and at Triton Partners I now handle board governance and statutory records for a large portfolio of Luxembourg funds, holding companies and SPVs, including more than 15 incorporations with notaries and the related RCS filings, so reading LPAs and constitutional documents and keeping a clean audit trail are part of my daily work. I also designed and built an AI tool that the team now uses daily to compile and file governance documents. I hold a Master in Management from EDHEC Business School and an engineering degree from IIT, and I would welcome the chance to grow into coordinating client portfolios and supporting Analysts.

I am a non-EU national and would require Skilled Worker visa sponsorship; I am available immediately and ready to relocate to London.

Yours sincerely,
Raman Yadav
