KPMG Luxembourg – Junior Adviser – Fund Regulatory Reporting (m/f/d)

Dear KPMG Recruitment Team,

I am applying for the Junior Adviser position in your Fund Regulatory Reporting team. AIFMD reporting is the part of fund operations I have worked on most directly, at an AIFM, a fund administrator and a private equity firm in Luxembourg, and I would like to build on it in a team that combines regulatory knowledge, fund data and technology.

At AManco, a EUR 10 billion AIFM, I prepared and checked inputs for AIFMD Annex IV reporting to the CSSF, gathering leverage, exposure, liquidity and valuation data from portfolio managers, administrators and risk, and reconciling it in MS Access and SQL before sign-off. I also monitored private equity, real estate, private debt and fund-of-funds portfolios and produced the quarterly reports for the Board. At UBS Fund Administration Services I worked in transfer agency for private equity and real estate funds, reconciling investor positions and validating more than 100 Partners' Capital Account statements against fund documents to fixed deadlines. At Arendt Regulatory & Consulting I performed AML/KYC reviews and contributed to SARA, the firm's AML/CTF risk-assessment tool, which cut review time by 40%.

At Triton Partners I now coordinate board sign-offs for a large portfolio of Luxembourg entities, and I designed and built an AI tool, used daily by the team, that compiles, converts and files governance documents in one run. Translating a business need into clear requirements, testing the output and improving it with users is exactly the work your team describes on its proprietary reporting platforms, and my engineering background from IIT makes me comfortable with fund accounting, portfolio and reference data. I hold a Master in Management from EDHEC Business School and I am fluent in English.

I live in Thionville on a French residence permit and have already worked in Luxembourg during my internships, so no relocation or visa from abroad is involved. As a non-EU national I would need KPMG's support for a Luxembourg work authorisation as a cross-border worker. I am available immediately and would welcome the opportunity to discuss how I could support the team.

Yours sincerely,
Raman Yadav
