SS&C GIDS Administration Services Luxembourg – Dealing Platform – Associate 2 (R47151)

Dear SS&C Recruitment Team,

I am applying for the Dealing Platform – Associate 2 position in Luxembourg. The role centres on transfer agency transaction processing, data quality and controls, which is the operational work I know best from my Luxembourg internships, and I would like to build my career in transfer agency operations.

At UBS Fund Administration Services I worked as a transfer agent in investor services for private equity and real estate funds. I processed investor activity, including subscriptions, redemptions and transfers, set up more than 150 investor records during the Credit Suisse–UBS migration, and validated more than 100 Partners' Capital Account statements against fund documents. This meant following written procedures and checklists closely, checking data before it reached investors, and investigating and escalating breaks until they were resolved. At Arendt Regulatory & Consulting I performed AML checks and PEP screenings on more than 50 investors, so I understand the due diligence that sits around investor dealing.

At AManco, Arendt's AIFM, I supported AIFMD Annex IV regulatory reporting using MS Access and SQL, which taught me to work accurately with large datasets under reporting deadlines. In my current role at Triton Investments Management SARL, a private equity firm, I designed and built an AI automation tool that compiles, converts and files governance documents in one run; the whole team now uses it daily. I would like to bring the same focus on process improvement to the Dealing Platform team.

I have about two and a half years of experience across a private equity firm, a fund administrator, a consultancy and an AIFM. I hold a Master in Management (Grande École) from EDHEC Business School and a Bachelor of Technology from the Indian Institute of Technology. I am an advanced Excel user, fluent in English, with beginner French and German, and available immediately. I live in Thionville and already work in Luxembourg; as a non-EU national I would need SS&C's support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss the role.

Yours sincerely,
Raman Yadav
