Northern Trust Global Services SE – Consultant, Client Onboarding (R157700)

Dear Northern Trust Recruitment Team,

I am applying for the Client Onboarding Consultant position in the Fund Event Team in Luxembourg. The role sits between clients and operations teams to run fund launches, mergers, migrations and liquidations, which combines the fund operations and the coordination work I have done in Luxembourg, and I would like to build my career in fund events and transformation.

At UBS Fund Administration Services I worked in transfer agency and investor services for private equity and real estate funds during the Credit Suisse–UBS migration. I set up more than 150 investor records as part of the migration and validated more than 100 Partners' Capital Account statements against fund documents, so I have seen from the inside how a large fund migration is run: data has to be checked before go-live, breaks have to be investigated and escalated, and every operations team needs to know what changes and when.

In my current role at Triton Investments Management SARL, a private equity firm, I handled the end-to-end incorporation of more than 15 Luxembourg entities, coordinating notaries, the controlling and finance teams and other service providers against fixed deadlines, and managed the related RCS filings. I also prepare board minutes for a large portfolio of entities. I designed and built an AI automation tool that compiles, converts and files governance documents in one run; the whole team now uses it daily, and building it taught me to document a process step by step before changing it, much like a runbook. At AManco, Arendt's AIFM, I supported AIFMD Annex IV regulatory reporting with SQL and produced quarterly reports for the Board, and at Arendt Regulatory & Consulting I performed AML checks on more than 50 investors.

I have about two and a half years of experience across a private equity firm, a fund administrator, a consultancy and an AIFM. I hold a Master in Management (Grande École) from EDHEC Business School and a Bachelor of Technology from the Indian Institute of Technology. I am fluent in English, with beginner French and German, and available immediately. I live in Thionville and already work in Luxembourg; as a non-EU national I would need Northern Trust's support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss the role.

Yours sincerely,
Raman Yadav
