Alter Domus (Luxembourg) – Valuation Officer – AIFM

Dear Alter Domus Recruitment Team,

I am applying for the Valuation Officer position in your AIFM in Luxembourg. Valuation and monitoring of alternative assets for an AIFM, from producing valuations for each NAV to presenting them to the Valuation Committee, is the work I know best and the area I want to build my career in.

At AManco, Arendt's AIFM, I worked in the Portfolio Management and Valuation team across private equity, real estate and fund-of-funds strategies. I monitored assets and analysed valuation reports for five funds, producing quarterly portfolio and valuation reports for the Board, and supported AIFMD Annex IV reporting using MS Access and SQL. I also evaluated more than 20 investment recommendations across private equity, real estate, private debt and co-investments and presented my findings to the Investment Committee, and supported relationships with eight institutional clients across private equity, real estate and infrastructure funds. At UBS Fund Administration Services I processed capital calls and distributions for private equity and real estate funds and validated more than 100 Partners' Capital Account statements against fund documents, which built my discipline with NAV and investor data.

My EDHEC Master in Management focused on advanced corporate finance and private equity, where I built my grounding in DCF, IRR, NPV and ratio analysis, and my Bachelor of Technology from the Indian Institute of Technology gave me a solid quantitative foundation. In my current internship at Triton Investments Management SARL, a private equity firm, I support board governance across a large portfolio of Luxembourg entities and built an AI tool, now used daily by the whole team, that compiles, converts and files governance documents in one run. I would bring the same approach to making valuation data collection and reporting faster and more consistent.

I have about two and a half years of experience from internships at a private equity firm, a fund administrator, a consultancy and an AIFM. I communicate clearly with asset managers, auditors and service providers, and I am comfortable asking probing questions. I am fluent in English with beginner French and German, and I am available immediately. I live in Thionville on a French residence permit and have already worked in Luxembourg during my internships, so no relocation or visa from abroad is involved. As a non-EU national I would need Alter Domus's support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss the role.

Yours sincerely,
Raman Yadav
