Fund Channel (Amundi / CACEIS) – Fund Manager Operations Officer (FM2) – 12-month contract

Dear Amundi and Fund Channel Recruitment Team,

I am applying for the Fund Manager Operations Officer (FM2) position at Fund Channel in Luxembourg. Calculating and verifying trailer fees, reconciling assets under management against distributor statements and reporting to asset managers is precise, control-based fund operations work, and it matches what I have done in fund administration and at an AIFM.

At UBS Fund Administration Services I worked in transfer agency and investor services for private equity and real estate funds. I processed subscriptions, redemptions, capital calls and distributions, set up more than 150 investor records during the Credit Suisse–UBS migration, and validated more than 100 Partners' Capital Account statements and capital activity notices against the fund documents before they went to investors. That work taught me to reconcile figures against agreements and statements, investigate breaks and follow up with counterparties until they are resolved.

At AManco, Arendt's AIFM, I produced quarterly portfolio and valuation reports for the Board and supported AIFMD Annex IV reporting using SQL and MS Access. In my current role at Triton Investments Management SARL, a private equity firm, I work on corporate governance for a large portfolio of Luxembourg entities, and I designed and built an AI automation tool that compiles, converts and files governance documents in one run; the whole team now uses it daily. I would bring the same interest in automating and controlling processes to your trailer fee and reporting workflows. At Arendt Regulatory & Consulting I also performed AML/KYC checks on more than 50 investors.

I hold a Master in Management (Grande École) from EDHEC Business School, with a focus on financial services, and a Bachelor of Technology from the Indian Institute of Technology. I am fluent in English, with beginner French and German, and available immediately for the 12-month contract. I live in Thionville and already work in Luxembourg; as a non-EU national I would need your support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss the role.

Yours sincerely,
Raman Yadav
