BGL BNP Paribas – Stage – Private Capital Portfolio Monitoring (H/F)

Dear BNP Paribas Recruitment Team,

I am applying for the Private Capital Portfolio Monitoring internship in the OVRK team of the Private Capital department. Ownership verification and record keeping for private equity, private debt, fund-of-funds and real estate investments, reconciling transactions and positions and producing portfolio reports, is the work I have done in Luxembourg and want to keep developing.

At UBS Fund Administration Services I worked in private assets fund administration for private equity and real estate funds. I processed capital calls, distributions, subscriptions and redemptions, reconciled investor activity with the supporting documents, and validated more than 100 Partners' Capital Account statements against the fund documents. During the Credit Suisse–UBS migration I set up more than 150 investor records and checked the data before go-live, which is close to the client migrations your team supports.

At AManco, Arendt's AIFM, I monitored the assets and valuation reports of five funds and produced the quarterly portfolio and valuation reports for the Board, after analysing more than 20 private equity, real estate, private debt and co-investment deals. In my current role at Triton Investments Management SARL, a private equity firm, I work on corporate governance for a large portfolio of Luxembourg entities and designed and built an AI automation tool that the whole team now uses daily. I am comfortable in Excel and keen to learn eFront.

I hold a Master in Management (Grande École) from EDHEC Business School, with a focus on private equity and venture capital, and a Bachelor of Technology from the Indian Institute of Technology. I am fluent in English, with beginner French and German, and available immediately. I live in Thionville and already work in Luxembourg; as a non-EU national and recent graduate I would need to agree with you the right internship agreement and permit route.

I would welcome the opportunity to discuss the internship.

Yours sincerely,
Raman Yadav
