Capital International Management Company S.à r.l. – 12m Contract – International Fund Administration Analyst (JR6899)

Dear Capital Group Recruitment Team,

I am applying for the 12-month International Fund Administration Analyst contract in Luxembourg. Overseeing delegated fund administrators and custodians, reviewing reconciliations, valuations and reporting so that NAVs are right every day, is the oversight side of fund operations that I want to develop, and it builds directly on my work at a fund administrator and an AIFM.

At UBS Fund Administration Services I worked in private assets fund administration for private equity and real estate funds. I processed subscriptions, redemptions, capital calls and distributions and validated more than 100 Partners' Capital Account statements and capital activity notices against the fund documents, so I know how the administrator's work is produced and where errors appear. During the Credit Suisse–UBS migration I set up more than 150 investor records and checked data before go-live.

At AManco, Arendt's AIFM with about EUR 10 billion under management, I monitored the assets and valuation reports of five funds, produced the quarterly portfolio and valuation reports for the Board and supported AIFMD Annex IV regulatory reporting using SQL and MS Access. In my current role at Triton Investments Management SARL, a private equity firm, I coordinate with the controlling and finance teams on the annual accounts of a large portfolio of Luxembourg entities, and I designed and built an AI automation tool that compiles, converts and files governance documents in one run; the whole team now uses it daily. I would bring the same analytical, process-improvement mindset to your team's projects.

I have about two and a half years of experience across an AIFM, a fund administrator, a consultancy and a private equity firm. I hold a Master in Management (Grande École) from EDHEC Business School and a Bachelor of Technology from the Indian Institute of Technology, and I am studying for CFA Level I. I am fluent in English, with beginner French and German, and available immediately for the 12-month contract. I live in Thionville and already work in Luxembourg; as a non-EU national I would need Capital Group's support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss the role.

Yours sincerely,
Raman Yadav
