J.P. Morgan Asset Management (Europe) S.à r.l. – Distribution Support Specialist – Associate (210806230)

Dear J.P. Morgan Recruitment Team,

I am applying for the Distribution Support Specialist – Associate position in the JPMAME Distribution Support team in Senningerberg. Making sure Alternatives, Part II and other non-registered funds are marketed safely across EMEA, by reviewing materials, validating reverse solicitations and controlling data room access, is a control-focused role at the point where fund structures meet regulation, and that is where I want to build my career.

At AManco, Arendt's AIFM, I worked with private equity, real estate, private debt and fund-of-funds structures, presented investment memos to the Investment Committee, produced quarterly reports for the Board and supported AIFMD Annex IV reporting. This gave me a working knowledge of AIF structures and of what AIFMD requires from a manager. At Arendt Regulatory & Consulting I performed AML/KYC checks and PEP screenings on more than 50 individual and institutional investors and escalated high-risk cases, so I am used to applying rules consistently, documenting decisions and escalating early.

At UBS Fund Administration Services I processed investor activity for private equity and real estate funds and validated more than 100 Partners' Capital Account statements and notices against the fund offering documents before they were sent to investors. In my current role at Triton Investments Management SARL, a private equity firm, I work on corporate governance for a large portfolio of Luxembourg entities, keep approvals and records audit-ready, and designed and built an AI automation tool that compiles, converts and files governance documents in one run; the whole team now uses it daily. I enjoy simplifying and standardising controls, and I work daily with trackers, Excel and PowerPoint.

I hold a Master in Management (Grande École) from EDHEC Business School, with a focus on financial services, and a Bachelor of Technology from the Indian Institute of Technology. I am fluent in English, with beginner French and German, and available immediately. I live in Thionville and already work in Luxembourg; as a non-EU national I would need J.P. Morgan's support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss the role.

Yours sincerely,
Raman Yadav
