Invesco (Luxembourg) – Private Markets AML Officer (R-15437)

Dear Invesco Recruitment Team,

I am applying for the Private Markets AML Officer position in Luxembourg. The role brings together AML/CTF compliance, PEP and sanctions screening, investor due diligence and the oversight of third-party administrators for real estate funds, which matches the combination of experience I have built in Luxembourg, and I would like to develop my career in AML compliance for private markets.

At Arendt Regulatory & Consulting I worked in AML/CTF advisory, performing PEP screenings and AML checks on more than 50 individual and institutional investors and escalating high-risk cases for review. I also contributed to the design and implementation of SARA, Arendt's AML/CTF risk-assessment tool, which cut review time by 40%. That work taught me how client risk profiling is structured, how evidence is documented and when a case needs to be escalated.

I know real estate and private equity funds from the administrator's side. At UBS Fund Administration Services I worked on investor services for PE and RE funds, set up more than 150 investor records during the Credit Suisse–UBS migration and validated more than 100 Partners' Capital Account statements against fund documents. This gives me a practical view of what an AIFM should look for when overseeing a third-party administrator. At AManco, Arendt's AIFM, I supported AIFMD Annex IV regulatory reporting and produced quarterly portfolio and valuation reports for the Board, which is close to the AML MI and Board reporting in this role. In my current role at Triton Investments Management SARL, a private equity firm, I work on corporate governance for a large portfolio of Luxembourg entities and built an AI automation tool that the whole team now uses to compile and file governance documents.

I have about two and a half years of experience across a private equity firm, a fund administrator, a consultancy and an AIFM. I hold a Master in Management (Grande École) from EDHEC Business School and a Bachelor of Technology from the Indian Institute of Technology. I am fluent in English, with beginner French and German, and available immediately. I live in Thionville and already work in Luxembourg; as a non-EU national I would need Invesco's support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss the role.

Yours sincerely,
Raman Yadav
