Nuveen Asset Management Europe S.à r.l. – OCOO, Business Analyst, Associate (R260800286)

Dear Nuveen Recruitment Team,

I am applying for the Business Analyst role supporting the day-to-day running of Nuveen Asset Management Europe in Luxembourg. The role combines entity oversight, regulatory reporting, Board reporting and project coordination, which is close to what I do every day in my current position, and I would like to build my career in the business management of a growing European entity.

At Triton Investments Management SARL, a private equity firm, I work on corporate governance for a large portfolio of Luxembourg entities. I prepare board minutes and resolutions, coordinate with directors and international deal teams, track RCS and other statutory filings against deadlines, and have helped set up more than 15 Luxembourg entities. I also designed and built an AI automation tool that compiles, converts and files governance documents in one run; the whole team now uses it daily. This is the kind of process improvement I would like to bring to the oversight and reporting work of your entity.

Before that, at AManco, Arendt's AIFM, I supported AIFMD Annex IV regulatory reporting using MS Access and SQL and produced quarterly portfolio and valuation reports for the Board. At Arendt Regulatory & Consulting I worked in AML/CTF advisory and contributed to the implementation of an AML/CTF risk-assessment tool, which gave me a practical view of how regulatory requirements are turned into policies and procedures. At UBS Fund Administration Services I validated more than 100 Partners' Capital Account statements against fund documents and set up more than 150 investor records during the Credit Suisse–UBS migration.

I have about two and a half years of experience across a private equity firm, a fund administrator, a consultancy and an AIFM. I hold a Master in Management (Grande École) from EDHEC Business School and a Bachelor of Technology from the Indian Institute of Technology. I am an advanced user of Excel, PowerPoint and Word, fluent in English, with beginner French and German, and available immediately. I live in Thionville and already work in Luxembourg; as a non-EU national I would need Nuveen's support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss the role.

Yours sincerely,
Raman Yadav
