**White & Case LLP – London – Analyst, AML, Compliance and New Business (JR103020)**

Dear Hiring Team,

I am applying for the AML Analyst role in the Compliance and New Business team in London. Client due diligence on corporate, fund and trust structures, identifying beneficial owners and escalating risk, is where my experience sits, across AML advisory, fund administration and governance work in Luxembourg.

At Arendt Regulatory and Consulting, part of the Arendt & Medernach law firm group, I worked as a financial crime consultant on AML/KYC and CTF engagements, reviewing client files against CDD and enhanced due diligence requirements, identifying beneficial owners and assessing risk. At UBS Fund Administration Services, in transfer agency for private equity and real estate funds, I processed investor onboarding and KYC documentation to strict deadlines with four-eyes checks. At AManco, a EUR 10 billion AIFM, and now at Triton Partners, I work daily with complex ownership structures: fund vehicles, limited partnerships, holding companies and SPVs, including their incorporation, ownership charts and RCS filings. I also designed and built an AI tool that automates governance document workflows. I hold a Master in Management from EDHEC Business School and an engineering degree from IIT.

I am a non-EU national and would require Skilled Worker visa sponsorship; I am available immediately and ready to relocate to London.

Yours sincerely,
Raman Yadav
