SEI Investments – S.A. (SEI Lux) – AML Specialist (R0038767)

Dear SEI Recruitment Team,

I am applying for the AML Specialist position at SEI Lux. Investor AML/KYC for Luxembourg investment funds sits exactly where my experience lies: I have done AML/CTF screening at a Luxembourg consultancy and investor onboarding and servicing in a fund administrator's transfer agency, and I would like to build my career where the two meet.

At Arendt Regulatory & Consulting I worked as a financial crime consultant in AML/CTF advisory. I performed PEP screenings and AML checks on more than 50 individual and institutional investors, escalated high-risk entities for review, and contributed to the design and implementation of SARA, Arendt's AML/CTF risk-assessment tool, which cut review time by 40%. That gave me a practical understanding of risk-based customer due diligence, documenting evidence and knowing when a case needs escalation.

At UBS Fund Administration Services I worked in Transfer Agent / Investor Services for private equity and real estate funds. I set up more than 150 investor records in UBS's CRM during the Credit Suisse–UBS migration, processed subscriptions, redemptions, capital calls and distributions, and validated more than 100 Partners' Capital Account statements against fund offering documents. I know how investor onboarding and dealing work day to day, and why AML checks must be complete before an investor trades. At AManco, Arendt's AIFM, I supported AIFMD Annex IV reporting and coordinated with service providers for eight institutional clients. In my current role at Triton Investments Management SARL, a private equity firm, I work on governance for a large portfolio of Luxembourg entities and built an AI automation tool that the whole team now uses daily, so I am comfortable improving processes as well as running them.

I have about two and a half years of experience from internships at a private equity firm, a fund administrator, a consultancy and an AIFM. I hold a Master in Management (Grande École) from EDHEC Business School, graduated in November 2025, and a Bachelor of Technology from the Indian Institute of Technology. I am fluent in English with beginner French and German, and I am available immediately. I live in Thionville on a French residence permit and have already worked in Luxembourg during my internships, so no relocation or visa from abroad is involved. As a non-EU national I would need SEI's support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss the role.

Yours sincerely,
Raman Yadav
