Klarphos S.à r.l. – Portfolio Analyst / Associate (m/f/x)

Dear Klarphos Recruitment Team,

I am applying for the Portfolio Analyst / Associate position in your Portfolio Management team in Senningerberg. The mix of liquid portfolios, a private credit fund and a growing private-markets pipeline is exactly where I want to build my career, and the role matches the portfolio and valuation work I have done at a Luxembourg AIFM.

At AManco, Arendt's AIFM with about EUR 10 billion under management, I worked in Portfolio Management and Valuation. I analysed more than 20 private equity, real estate, private debt and fund-of-funds/co-investment deals, drafted the investment memos and presented them to the Investment Committee. I also monitored the assets and valuation reports of five funds and produced the quarterly portfolio and valuation reports for the Board, and I supported AIFMD Annex IV reporting with the risk team using SQL and MS Access. This gave me practical experience of due diligence, downside-risk assessment and ongoing monitoring of illiquid investments.

At UBS Fund Administration Services I processed capital calls, distributions and other investor activity for private equity and real estate funds, and validated more than 100 Partners' Capital Account statements against the fund documents, so I understand how performance and capital flows are recorded at fund level. In my current role at Triton Investments Management SARL, a private equity firm, I work on corporate governance for a large portfolio of Luxembourg entities, and I designed and built an AI automation tool that compiles, converts and files governance documents in one run; the whole team now uses it daily. I enjoy building analytical tools and reports, and I would bring that to your dashboards and internal tools. At Arendt Regulatory & Consulting I also performed AML/KYC checks on more than 50 investors.

I have about two and a half years of experience across an AIFM, a fund administrator, a consultancy and a private equity firm. I hold a Master in Management (Grande École) from EDHEC Business School, with a focus on corporate finance and private equity, and a Bachelor of Technology from the Indian Institute of Technology. I am studying for CFA Level I and have completed Bloomberg Market Concepts. I am fluent in English, with beginner French and German, and available immediately. I live in Thionville and already work in Luxembourg; as a non-EU national I would need Klarphos's support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss how I can contribute to your portfolio management team.

Yours sincerely,
Raman Yadav
