LES CONSULTANTS, Luxembourg – Anti-Money Laundering Consultant

Dear Les Consultants Recruitment Team,

I am applying for the Anti-Money Laundering Consultant position supporting your client in the Luxembourg financial sector. The assignment, clearing a backlog of Enhanced Due Diligence cases to a high standard, is the kind of focused, case-by-case AML/KYC work I have done before and enjoy.

At Arendt Regulatory & Consulting I worked as a Financial Crime Consultant intern in AML/CTF advisory. I performed AML/KYC checks and PEP screenings on more than 50 individual and institutional investors and escalated high-risk entities for review. I also contributed to the design and implementation of SARA, Arendt's AML/CTF risk-assessment tool, which cut review time by 40%. At UBS Fund Administration Services I onboarded more than 150 investor records into UBS's CRM during the Credit Suisse–UBS migration, a large data and onboarding project, and processed subscriptions, redemptions, capital calls and distributions for private equity and real estate funds.

In my current internship at Triton Investments Management SARL, a private equity firm, I work daily with Luxembourg holding structures. I handled the incorporation of more than 15 Luxembourg entities with notaries and the controlling and finance teams, managed the related RCS filings, and drafted board minutes across a large portfolio of entities. This has given me a practical understanding of corporate structures and ownership chains, which helps when reviewing UBOs and customer risk profiles. I also built an AI tool, now used daily by the whole team, that compiles, converts and files governance documents in one run.

I hold a Master in Management (Grande École) from EDHEC Business School, completed in November 2025, and a Bachelor of Technology from the Indian Institute of Technology. I have about two and a half years of experience from internships at a private equity firm, a fund administrator, a consultancy and an AIFM. I work carefully, keep clear audit trails and manage a queue of tasks independently. I am fluent in English with beginner French and German, and I am available immediately. I live in Thionville on a French residence permit and have already worked in Luxembourg during my internships, so no relocation or visa from abroad is involved. As a non-EU national I would need support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss the assignment.

Yours sincerely,
Raman Yadav
