Urban Partners – Fund Analyst – Helsinki, Copenhagen or Stockholm

Dear Urban Partners Recruitment Team,

I am applying for the Fund Analyst position in the Fund Management Support team of your CIO Office, starting in January 2027, in Copenhagen, Stockholm or Helsinki. Owning fund-level forecasts, tracking business plans against targets and preparing investor and decision material for real estate funds is the kind of analytical fund work I have done at a Luxembourg AIFM and want to make my career in.

At AManco, Arendt's AIFM with about EUR 10 billion under management, I worked in Portfolio Management and Valuation. I analysed more than 20 real estate, private equity, private debt and fund-of-funds/co-investment deals, drafted the investment memos and presented them to the Investment Committee, assessing how each opportunity fitted the fund's strategy and risk profile. I monitored the assets and valuation reports of five funds and produced the quarterly portfolio and valuation reports for the Board, and I supported AIFMD Annex IV reporting with the risk team using SQL. This is close to the fund performance tracking, reporting and allocation input you describe.

At UBS Fund Administration Services I worked for private equity and real estate funds, processing capital calls and distributions and validating more than 100 Partners' Capital Account statements against the fund documents, so I understand fund cash flows and how investor reporting is built. In my current role at Triton Investments Management SARL, a private equity firm, I work with the controlling and finance teams on a large portfolio of Luxembourg entities, and I designed and built an AI automation tool that compiles, converts and files governance documents in one run; the whole team now uses it daily. I enjoy improving systems, processes and reporting, and I work every day in Excel and PowerPoint.

I have about two and a half years of experience across an AIFM, a fund administrator, a consultancy and a private equity firm. I hold a Master in Management (Grande École) from EDHEC Business School, with a focus on corporate finance and private equity, and a Bachelor of Technology from the Indian Institute of Technology, and I am studying for CFA Level I. I am fluent in English and ready to relocate to any of the three cities for a January 2027 start; as a non-EU national I would need Urban Partners' support for a work permit.

I would welcome the opportunity to discuss how I can support your fund managers.

Yours sincerely,
Raman Yadav
