Bank of America – London – Corporate Secretarial Assistant, UK Corporate Secretary team

Dear Hiring Team,

I am applying for the Corporate Secretarial Assistant role in the UK Corporate Secretary team in London. Board and committee support across a large portfolio of regulated and unregulated entities is the work I do every day in Luxembourg, and I intend to qualify as a Chartered Governance Professional with The Chartered Governance Institute.

At Triton Partners I prepare board materials and draft board minutes, using approved AI tools, and coordinate the post-board DocuSign sign-off of annual accounts across a large portfolio of Luxembourg entities. I maintain statutory records, have handled the end-to-end incorporation of more than 15 entities with notaries and the controlling and finance teams, including the related RCS filings, and track actions and deadlines for the board calendar. I also designed and built an AI tool that compiles, converts and files governance documents in one run, which the team now uses daily, so working securely with Diligent, Microsoft 365 and AI tools on governance workflows is familiar to me. Before that I worked on the funds side, in transfer agency at UBS Fund Administration Services, in AML/KYC at Arendt Regulatory and Consulting, and at AManco, a EUR 10 billion AIFM, where I produced quarterly reports for the Board. I hold a Master in Management from EDHEC Business School and an engineering degree from IIT, and I would welcome the cross-border work with the Dublin and Paris teams.

I am a non-EU national and would require Skilled Worker visa sponsorship; I am available immediately and ready to relocate to London.

Yours sincerely,
Raman Yadav
