J.P. Morgan Asset Management – London – EMEA Alternatives Operations Middle Office, Associate (210799231)

Dear Hiring Team,

I am applying for the EMEA Alternatives Operations Middle Office Associate role on the Trade Lifecycle team in London. Supporting alternatives deal teams and overseeing third-party administrators is where my experience sits, across an AIFM, a private fund administrator and a private equity firm in Luxembourg.

At AManco, a EUR 10 billion AIFM, I monitored private equity, real estate, private debt and fund-of-funds portfolios, tracked portfolio events and valuations and produced quarterly reports for the Board. At UBS Fund Administration Services, in transfer agency for private equity and real estate funds, I processed subscriptions, capital calls, distributions and investor transfers, reconciled investor positions and validated more than 100 Partners' Capital Account statements against fund documents. At Triton Partners I now work alongside the deal and finance teams on the governance side of transactions: I have handled the end-to-end incorporation of more than 15 Luxembourg entities with notaries, draft board minutes and coordinate sign-offs across directors, auditors, law firms and banks. I also designed and built an AI tool, now used daily by the team, that compiles, converts and files governance documents in one run, and I would bring the same automation mindset to trade booking, asset set-up and reconciliations. I hold a Master in Management from EDHEC Business School and an engineering degree from IIT.

I am a non-EU national and would require Skilled Worker visa sponsorship; I am available immediately and ready to relocate to London.

Yours sincerely,
Raman Yadav
