**Advisory Key, Luxembourg – TA AML-KYC Analyst (long-term mission, funds industry)**

Dear Advisory Key Team,

I am applying for the TA AML-KYC Analyst mission in the Luxembourg funds industry. Reviewing investor onboarding files, screening investors and escalating high-risk cases in a transfer agency setting is the combination of work I have done in my internships, and I would be glad to take it on for your client. I have applied to Advisory Key before, and this mission is the closest match to my background so far.

At Arendt Regulatory & Consulting I performed AML/KYC checks and PEP screenings on more than 50 individual and institutional investors and escalated high-risk entities for review. I also contributed to the design and implementation of SARA, Arendt's AML/CTF risk-assessment tool, which cut review time by 40%. At UBS Fund Administration Services I worked in private assets transfer agency and investor services, processing subscriptions, redemptions, capital calls and distributions for private equity and real estate funds and setting up more than 150 investor records in the CRM during the Credit Suisse and UBS migration.

In my current internship at Triton Investments Management SARL I have handled the end-to-end incorporation of more than 15 Luxembourg entities, including the related RCS filings, and I coordinate the post-board sign-off of annual accounts across a large portfolio of entities. I also built an AI tool that compiles, converts and files governance documents in one run, now used daily by the whole team.

I hold a Master in Management (Grande École) from EDHEC Business School, graduated in November 2025, and a Bachelor of Technology from the Indian Institute of Technology. I am fluent in English with beginner French and German, and I am available immediately. I live in Thionville on a French residence permit and have already worked in Luxembourg during my internships, so no relocation or visa from abroad is involved. As a non-EU national I would need Advisory Key's support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss the mission.

Yours sincerely,
Raman Yadav
