Alter Domus – Fund Services Officer - Real Estate

Dear Hiring Team,

I am applying for the Fund Services Officer – Real Estate role at Alter Domus. My strongest match is investor-facing fund operations: during nine months at UBS Fund Administration Services in Luxembourg, I processed subscriptions, redemptions, capital calls and distributions for private equity and real estate funds, and prepared and validated more than 100 Partners' Capital Account statements and capital activity notices against fund offering documents, all delivered on time.

The role also covers valuations, regulatory filings and board meetings. At AManco, Arendt's AIFM, I analysed valuation reports for five funds, produced quarterly portfolio and valuation reports for the Board, and supported AIFMD Annex IV reporting using MS Access and SQL. In my current internship at Triton, I draft board minutes and coordinate post-board DocuSign sign-off of annual accounts across a large portfolio of Luxembourg entities, and I built an AI tool the team uses daily to compile, convert and file governance documents.

Alter Domus counts 90% of the top 30 private markets asset managers among its clients, and I would like to apply this experience to real estate funds at that scale. Periodic tax and VAT returns would be new to me; I am keen to build that expertise through the Alter Domus Academy while improving my French.

I hold a Master in Management from EDHEC Business School, with a focus on financial services, and would welcome an interview.

Kind regards,
Raman Yadav
