EY Luxembourg – AML Operations & Project Management Associate (Req. 1753044)

Dear EY Recruitment Team,

I am applying for the AML Operations & Project Management Associate position in your AML team in Luxembourg. The role combines hands-on AML operations across the client lifecycle with projects to simplify, standardise and automate AML processes. That is the mix I have worked in and enjoy most: careful operational work, plus building tools that make a team faster and more consistent.

At Arendt Regulatory & Consulting I worked as a Financial Crime Consultant intern in AML/CTF advisory. I performed AML/KYC checks and PEP screenings on more than 50 individual and institutional investors and escalated high-risk entities for review. I also contributed to the design and implementation of SARA, Arendt's AML/CTF risk-assessment tool, which cut review time by 40%. At UBS Fund Administration Services I onboarded more than 150 investor records into UBS's CRM during the Credit Suisse–UBS migration, a large data and onboarding project, and processed subscriptions, redemptions, capital calls and distributions for private equity and real estate funds.

In my current internship at Triton Investments Management SARL, a private equity firm, I designed and built an AI tool that compiles, converts and files governance documents in one run, and it is now used daily by the whole team. I also drove the team's adoption of Claude, Copilot and Glean. I coordinate across functions, too: I handled the incorporation of more than 15 Luxembourg entities with notaries and the controlling and finance teams, managed the related RCS filings, and coordinated DocuSign sign-off of annual accounts across a large portfolio of entities. I work comfortably with Excel, trackers and Microsoft 365, and have used MS Access and SQL for regulatory reporting.

I hold a Master in Management (Grande École) from EDHEC Business School, completed in November 2025, and a Bachelor of Technology from the Indian Institute of Technology. I have about two and a half years of experience from internships at a private equity firm, a fund administrator, a consultancy and an AIFM. I am fluent in English with beginner French and German, and I am available immediately. I live in Thionville on a French residence permit and have already worked in Luxembourg during my internships, so no relocation or visa from abroad is involved. As a non-EU national I would need EY's support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss the role.

Yours sincerely,
Raman Yadav
