Empira Investment Solutions S.A., Luxembourg – Junior Portfolio Manager – Real Estate Debt (m/f/d)

Dear Empira Recruitment Team,

I am applying for the Junior Portfolio Manager – Real Estate Debt position in Luxembourg. Supporting portfolio management across real estate equity and debt, analysing KPIs and preparing reports for investors is the work I enjoyed most during my internships in Luxembourg's alternative fund industry, and I would like to build my career on it.

At AManco, Arendt's AIFM with EUR 10 billion under management, I evaluated more than 20 investment recommendations across private equity, real estate, private debt and co-investments and presented my findings to the Investment Committee. I monitored assets and analysed valuation reports for five funds, producing quarterly portfolio and valuation reports for the Board, and supported AIFMD Annex IV reporting with MS Access and SQL. At UBS Fund Administration Services I worked on private equity and real estate funds, processing capital calls and distributions and validating more than 100 Partners' Capital Account statements against fund offering documents, which gave me a practical view of cash flows and liquidity at fund level.

In my current internship at Triton Investments Management SARL I coordinate the post-board sign-off of annual accounts across a large portfolio of Luxembourg entities and have handled the incorporation of more than 15 Luxembourg entities. I also built an AI tool, now used daily by the whole team, that compiles, converts and files governance documents in one run; I would bring the same approach to maintaining and developing your internal databases. My Master in Management from EDHEC Business School, graduated in November 2025, focused on financial services, Advanced Corporate Finance and Private Equity, and I also hold a Bachelor of Technology from the Indian Institute of Technology.

I should be clear that my German is at beginner level. I am fluent in English and committed to bringing my German to a working level; in the meantime I can cover English-language reporting and investor communication. I am available immediately. I live in Thionville on a French residence permit and have already worked in Luxembourg during my internships, so no relocation or visa from abroad is involved. As a non-EU national I would need Empira's support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss the role.

Yours sincerely,
Raman Yadav
