Eurobank Private Bank Luxembourg S.A. – Digital Channels Junior Officer

Dear Eurobank Private Bank Luxembourg Recruitment Team,

I am applying for the Digital Channels Junior Officer position in your Digital Channels Administration team. The role sits between business operations and technology, and so does my profile: I hold a Bachelor of Technology from the Indian Institute of Technology, and my Luxembourg experience has been in financial operations where systems, data quality and clear communication matter every day.

At UBS Fund Administration Services I worked in private assets investor services during the Credit Suisse and UBS migration. I set up more than 150 investor records in the CRM as part of the migration, and processed subscriptions, redemptions, capital calls and distributions, which gave me a practical understanding of client payment flows. In my current internship at Triton Investments Management SARL, a private equity firm, I built an AI tool, now used daily by the whole team, that compiles, converts and files governance documents in one run. Building it meant testing it against real cases and improving it from colleagues' feedback, and I also supported the team's adoption of Claude, Copilot and Glean.

At Arendt Regulatory & Consulting I performed AML/KYC checks and PEP screenings on more than 50 investors and contributed to SARA, Arendt's AML/CTF risk-assessment tool. That work made me careful with client data and with following procedures and security requirements to the letter. At AManco, Arendt's AIFM, I supported regulatory reporting and coordinated with service providers for eight institutional clients, explaining issues clearly to people with different backgrounds. I am an experienced Microsoft Office user and I am comfortable working with IT and business teams to troubleshoot problems until they are solved.

I have about two and a half years of experience from internships at a private equity firm, a fund administrator, a consultancy and an AIFM. I also hold a Master in Management (Grande École) from EDHEC Business School, graduated in November 2025. I am fluent in English with beginner French and German, and I am available immediately. I live in Thionville on a French residence permit and have already worked in Luxembourg during my internships, so no relocation or visa from abroad is involved. As a non-EU national I would need Eurobank's support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss the role.

Yours sincerely,
Raman Yadav
