Gen II Fund Services – Officer 1 - FATCA/CRS

Dear Hiring Team,

I am applying for the Officer 1 - FATCA/CRS position at Gen II Fund Services, bringing a background in private capital fund administration. Most relevant are nine months in investor services at UBS Fund Administration Services, where I set up 150+ investor records in UBS's CRM during the Credit Suisse–UBS migration, work closely related to the investor onboarding and data classification this role supports.

The posting stresses form validation and exception reporting. At UBS I prepared and validated 100+ PCAP statements and capital activity notices against fund offering documents, delivered on time. At Arendt Regulatory & Consulting I performed PEP screenings and AML checks on 50+ individual and institutional investors and escalated high-risk entities for review. At AManco, Arendt's AIFM, I supported AIFMD Annex IV reporting using MS Access and SQL, experience I would bring to the team's withholding matrix database.

I have not yet prepared FATCA/CRS filings or W-8 documentation and am keen to learn these frameworks across Gen II's jurisdictions. At Triton I built an investor tracker, refreshed daily, that reports ownership changes by entity, and an AI tool that compiles, converts and files governance documents in one run, now used daily by the whole team. I would apply the same approach to high-volume FATCA/CRS work.

I hold a Master in Management from EDHEC Business School and would welcome a conversation about joining Gen II's FATCA/CRS team.

Kind regards,
Raman Yadav
