Mitsubishi UFJ Investor Services & Banking (Luxembourg) S.A.
Compliance Department – 287-289 route d'Arlon, L-1150 Luxembourg
Re: Financial Crime Compliance Officer

Dear Ms Silva,

I am applying for the Financial Crime Compliance Officer position at Mitsubishi UFJ Investor Services & Banking (Luxembourg) S.A. Testing how the first line applies CDD, KYC, EDD and PEP and sanctions screening, documenting the evidence, finding the root cause of a weakness and following the remediation to closure is the second-line version of the AML work I did at Arendt Regulatory & Consulting, and I would like to make it my first permanent role.

At Arendt Regulatory & Consulting I performed PEP screenings and AML checks on more than 50 individual and institutional investors, escalated high-risk entities for review and contributed to the design and implementation of SARA, the firm's AML/CTF risk-assessment tool, so I know the Luxembourg AML/CTF requirements from the side of the people who have to evidence compliance with them. At UBS Fund Administration Services I set up more than 150 investor records in the CRM during the Credit Suisse and UBS migration, which meant checking investor documentation file by file against the fund documents, and I processed subscriptions, redemptions, capital calls and distributions for private equity and real estate funds, so I understand the transaction flows a monitoring programme samples. At AManco, Arendt's AIFM, I supported AIFMD Annex IV reporting and quarterly board reporting across five alternative funds. In my current internship at Triton Investments Management SARL I coordinate governance documents and the post-board sign-off of annual accounts across more than 200 Luxembourg entities and build the automation tools my team uses daily, work that has made me precise with evidence, deadlines and documentation standards.

I hold a Master in Management (Grande École) from EDHEC Business School, graduated in November 2025, and a Bachelor of Technology from the Indian Institute of Technology. I am analytical and investigative by temperament, I write clear findings in English, and I am comfortable working with first-line teams while keeping the independence a second-line role needs. I am fluent in English with beginner French and German, available at short notice, and as a non-EU national living in Thionville I would need MIBL's support for a Luxembourg work permit.

I would welcome the opportunity to discuss the role.

Yours sincerely,
Raman Yadav
