SS&C Technologies, Luxembourg – Transfer Agency Intern – Registration (AML/KYC) or Dealing Services (R44991)

Dear SS&C Recruitment Team,

I am applying for the Transfer Agency Intern position in Luxembourg, in either Registration (AML/KYC) or Dealing Services. Both teams do work I already know from my internships in Luxembourg's fund industry, and I would like to build on it in a third-party transfer agent like SS&C.

On the registration side, at Arendt Regulatory & Consulting I performed AML/KYC checks and PEP screenings on more than 50 individual and institutional investors under Luxembourg requirements, escalated high-risk entities for review and contributed to SARA, Arendt's AML/CTF risk-assessment tool, which cut review time by 40%. At UBS Fund Administration Services I set up more than 150 investor records in the CRM during the Credit Suisse and UBS migration, so keeping register static data accurate is familiar to me.

On the dealing side, at UBS I processed subscriptions, redemptions, capital calls and distributions for private equity and real estate funds and validated more than 100 Partners' Capital Account statements and capital activity notices against fund offering documents. In my current internship at Triton Investments Management SARL I coordinate the post-board sign-off of annual accounts across a large portfolio of Luxembourg entities and built an AI tool, now used daily by the whole team, that compiles, converts and files governance documents in one run. I would bring the same interest in templates, process documentation and MI to your operational projects.

I completed my Master in Management (Grande École) at EDHEC Business School in November 2025 and also hold a Bachelor of Technology from the Indian Institute of Technology. I am fluent in English with beginner French and German, I use Excel and Outlook daily, and I am available immediately. I live in Thionville on a French residence permit and have already worked in Luxembourg during my internships, so no relocation or visa from abroad is involved. As a non-EU national I would need SS&C's support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss the role.

Yours sincerely,
Raman Yadav
