Standish Management (Luxembourg) S.à r.l. – Depositary Officer

Dear Standish Recruitment Team,

I am applying for the Depositary Officer position in your Luxembourg office. Safekeeping, oversight and cash-flow monitoring for private equity and real estate AIFs sit right where my Luxembourg experience lies: fund operations at a fund administrator, regulatory reporting at an AIFM, AML/KYC due diligence and governance for a private equity firm. I would like to bring these together in a PDAOFI depositary function serving mainly US alternative managers.

At UBS Fund Administration Services I processed capital calls, distributions, subscriptions and redemptions for private equity and real estate funds, and prepared and validated more than 100 Partners' Capital Account statements and capital activity notices against fund offering documents. This is the cash flow and record-keeping a depositary checks in its monitoring. At AManco, Arendt's AIFM, I supported AIFMD Annex IV regulatory reporting and coordinated with service providers for eight institutional clients, which gave me a view of how an AIFM and its central administrator work with the depositary.

At Arendt Regulatory & Consulting I performed AML/KYC checks and PEP screenings on more than 50 individual and institutional investors and contributed to SARA, Arendt's AML/CTF risk-assessment tool. That experience is directly useful for due diligence on AIFMs, central administrators and other third parties. In my current internship at Triton Investments Management SARL, a private equity firm, I draft board minutes and coordinate the post-board sign-off of annual accounts across a large portfolio of Luxembourg entities, working with the finance team and auditors. I am comfortable preparing for boards and writing precisely and concisely in English. I also built an AI tool, now used daily by the whole team, that compiles, converts and files governance documents in one run, and I enjoy following regulatory change and turning it into practical steps.

I have about two and a half years of experience from internships at a private equity firm, a fund administrator, a consultancy and an AIFM. I hold a Master in Management (Grande École) from EDHEC Business School, graduated in November 2025, and a Bachelor of Technology from the Indian Institute of Technology. I am fluent in English with beginner French and German, and I am available immediately. I live in Thionville on a French residence permit and have already worked in Luxembourg during my internships, so no relocation or visa from abroad is involved. As a non-EU national I would need Standish's support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss the role.

Yours sincerely,
Raman Yadav
