Trident Trust Company (Luxembourg) S.A. – Depositary Junior Officer

Dear Trident Trust Recruitment Team,

I am applying for the Depositary Junior Officer position in your Luxembourg office. Depositary work for private equity and real estate AIFs, from record keeping and ownership verification to cash-flow and NAV monitoring, sits right where my Luxembourg experience lies: fund operations at a fund administrator, regulatory reporting at an AIFM, and AML/KYC due diligence and governance for a private equity firm.

At UBS Fund Administration Services I processed capital calls, distributions, subscriptions and redemptions for private equity and real estate funds, and prepared and validated more than 100 Partners' Capital Account statements and capital activity notices against fund offering documents. This is the investor record keeping and cash movement that a depositary checks in its monitoring. At AManco, Arendt's AIFM, I supported AIFMD Annex IV regulatory reporting and coordinated with service providers for eight institutional clients, which showed me how an AIFM, its central administrator, auditors and the depositary work together and why deadlines and service levels matter.

At Arendt Regulatory & Consulting I performed AML/KYC checks and PEP screenings on more than 50 individual and institutional investors and contributed to SARA, Arendt's AML/CTF risk-assessment tool. That experience is directly useful for collecting and reviewing client due diligence on new business. In my current role at Triton Investments Management SARL, a private equity firm, I draft board minutes and coordinate the sign-off of annual accounts across a large portfolio of Luxembourg entities, working with the finance team, auditors, notaries and law firms, and I handled the incorporation of more than 15 Luxembourg entities including the related RCS filings. I keep entity files accurate and up to date, and I also built an AI tool, now used daily by the whole team, that compiles, converts and files governance documents in one run.

I have about two and a half years of experience from internships at a private equity firm, a fund administrator, a consultancy and an AIFM. I hold a Master in Management (Grande École) from EDHEC Business School, graduated in November 2025, and a Bachelor of Technology from the Indian Institute of Technology. I am fluent in English with beginner French and German, and I am available immediately. I live in Thionville on a French residence permit and have already worked in Luxembourg during my internships, so no relocation or visa from abroad is involved. As a non-EU national I would need Trident Trust's support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss the role.

Yours sincerely,
Raman Yadav
