Subject: Application for the Portfolio Intern position (6-month internship)

Dear Hiring Team,

I am pleased to apply for the six-month Portfolio Intern position in your Portfolio Oversight team. Supporting the day-to-day monitoring of an AIFM's private equity funds, working with delegated portfolio managers, administrators and depositaries, and building portfolio dashboards and reports is exactly the work I enjoy most, and an independent AIFM such as U Fund Services is where I would like to deepen it.

My favourite experience so far was my internship in Portfolio Management and Valuation at AManco, an AIFM with around EUR 10 billion under management. There I analysed more than 20 investment recommendations across private equity, real estate, private debt and fund-of-funds / co-investments, prepared investment memos and presented them to the Investment Committee. I also monitored the assets and valuation reports of five funds, produced the quarterly portfolio and valuation reports for the Board, and supported AIFMD Annex IV regulatory reporting with MS Access and SQL.

My other experience fits the rest of the role well. At UBS Fund Administration Services I processed investor activity for PE and RE funds and validated more than 100 capital account statements, so I know how administrators work and what they need. At Arendt I carried out AML/KYC checks on more than 50 investors, which will help with collecting KYC documents during the handover from the previous AIFM. At Triton I draft board minutes and have handled the incorporation of more than 15 Luxembourg entities, and I built an automation tool now used daily by the team. I am comfortable in Excel and quick to learn new monitoring tools such as Cascade.

I hold a Master in Management from EDHEC Business School (graduated November 2025), with a focus on financial services, corporate finance and private equity, and I am currently studying for the CFA. I live in Thionville, close to Luxembourg, and I am available immediately for the full six months.

I would be glad to discuss how I could support your Portfolio Oversight team. Thank you very much for your time and consideration.

Kind regards,

Raman Yadav
