Subject: Application for Valuation Officer – Vistra Funds Solutions (AIFM)

Dear Hiring Team,

I am applying for the Valuation Officer position in Vistra Funds Solutions in Luxembourg. Reviewing asset valuations, preparing valuation reports for the committee and drafting board material is the part of my AIFM experience I enjoyed most, and I would like to build on it within your valuation team.

At AManco, Arendt's AIFM with EUR 10 billion under management, I monitored assets and analysed the valuation reports of five funds, and produced the quarterly portfolio and valuation reports presented to the Board. I analysed more than 20 private equity, real estate, private debt and fund-of-funds/co-investment deals, drafted investment memos and presented them to the Investment Committee, and supported AIFMD Annex IV reporting with the risk team using MS Access and SQL. This gave me hands-on exposure to valuation models and to the governance around valuation decisions.

At UBS Fund Administration Services I worked on PE and RE fund administration and validated more than 100 partners' capital account statements against fund documents, so I know how NAVs and financial statements are built on the administrator's side. In my current internship at Triton I draft board minutes and coordinate the post-board sign-off of annual accounts across a large portfolio of Luxembourg entities, and I built an automation tool that the whole team now uses daily; I would bring the same approach to automating market data analysis for valuation. Altogether I have around 2.5 years of experience in the Luxembourg fund industry.

I hold a Master in Management (Grande École) from EDHEC Business School (graduated November 2025) and a Bachelor of Technology from the Indian Institute of Technology, and I am currently studying for the CFA. My experience is shorter than the three years your posting mentions, but it has been spent on exactly the valuation and oversight topics this role covers.

I live in Thionville on a French residence permit and have already worked in Luxembourg during my internships, so no relocation is involved. As a non-EU national I would need Vistra's support for a Luxembourg work authorisation as a cross-border worker. I am available immediately.

I would be glad to discuss my application. Thank you very much for your time and consideration.

Kind regards,

Raman Yadav
