Waystone Management Company (Lux) S.A., Senningerberg – Associate – Valuation Officer

Dear Waystone Recruitment Team,

I am applying for the Associate – Valuation Officer position in Luxembourg. Valuation oversight for AIFs and UCITS is the part of a management company's work I know best and want to build my career in. The role's mix of valuation, regulatory compliance and process automation also matches what I have been doing in my recent roles.

At AManco, Arendt's AIFM, I worked in the Portfolio Management and Valuation team across private equity, real estate and fund-of-funds strategies. I monitored assets and analysed valuation reports for five funds, producing quarterly portfolio and valuation reports for the Board, and supported AIFMD Annex IV reporting using MS Access and SQL. I also evaluated more than 20 investment recommendations across private equity, real estate, private debt and co-investments, presented findings to the Investment Committee, and supported relationships with eight institutional clients. This gave me a practical view of how valuation feeds into an AIFM's board, investor and regulatory reporting. At UBS Fund Administration Services I processed capital calls and distributions for private equity and real estate funds. I also checked more than 100 Partners' Capital Account statements against fund documents, which built my discipline with valuation and investor data.

I hold a Bachelor of Technology from the Indian Institute of Technology, which gave me a solid quantitative foundation, and a Master in Management (Grande École) from EDHEC Business School, completed in November 2025. In my current internship at Triton Investments Management SARL, a private equity firm, I built an AI tool, now used daily by the whole team, that compiles, converts and files governance documents in one run. I would bring the same approach to improving valuation data collection, controls and reporting. At Arendt Regulatory & Consulting I also contributed to SARA, an AML/CTF risk-assessment tool, which reduced review time by 40%.

I have about two and a half years of experience from internships at a private equity firm, a fund administrator, a consultancy and an AIFM. I work carefully, communicate clearly with clients and service providers, and enjoy working in a team. I am fluent in English with beginner French and German, and I am available immediately. I live in Thionville on a French residence permit and have already worked in Luxembourg during my internships, so no relocation or visa from abroad is involved. As a non-EU national I would need Waystone's support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss the role.

Yours sincerely,
Raman Yadav
