ubject: Application for a junior role in the Portfolio Management team

ear Ms Vallendar, dear Hiring Team,

llowing my exchange with Ms Vallendar, I am pleased to send my application for a junior position in Adepa's ortfolio Management team. For my first full-time role, there is no place I would rather begin than an dependent third-party ManCo such as Adepa, and under Ms Vallendar's guidance.

ver the past 2.5 years I have gained internship experience across the Luxembourg fund industry: AML/KYC dvisory at Arendt, private-assets transfer agency and investor services at UBS Fund Administration Services, nd corporate governance at Triton, where I draft board minutes and have handled the incorporation of more an 15 Luxembourg entities. Each taught me a different side of how a fund works. The experience I enjoyed ost, however, and the one behind this application, was my internship in Portfolio Management and Valuatio : AManco, an AIFM with around EUR 10 billion under management.

: AManco I worked mainly with the portfolio team, alongside the risk team. I analysed more than 20 vestment recommendations across private equity, real estate, private debt and fund-of-funds / co- vestment opportunities, prepared investment memos, followed new deals through onboarding and resented my findings to the Investment Committee. I also monitored the assets and valuation reports of five nds, produced the quarterly portfolio and valuation reports for the Board, and supported AIFMD Annex IV porting. What I loved most was deal analysis, asset monitoring and portfolio reporting: understanding an vestment in depth, then following how it performs once it is in the portfolio.

his role is also a natural continuation of my studies. My Master in Management at EDHEC Business School raduated November 2025) focused on financial services, advanced corporate finance and private equity, and am currently studying for the CFA. I would bring a solid grounding in PE, RE and fund-of-funds structures, ractical experience of the AIFM environment, and the rigour that portfolio oversight requires.

ive in Thionville on a French residence permit and have already worked in Luxembourg during my internship o no relocation is involved. As a non-EU national, I would need Adepa's support for a Luxembourg work uthorisation as a cross-border worker. I am available immediately.

would love to be considered for a role in your Portfolio Management team and would be glad to discuss my pplication at your convenience. Thank you very much for your time and consideration.

nd regards,

aman Yadav
