Adepa Asset Management S.A. – Human Resources Department
For the attention of Ms Martina Vallendar, Conducting Officer
Luxembourg

Thionville, 23 October 2026

Subject: Application for a junior role in the Portfolio Management team

Dear Ms Vallendar, dear Hiring Team,

Following my exchange with Ms Vallendar, I am pleased to send my application for a junior position in Adepa's Portfolio Management team. For my first full-time role, there is no place I would rather begin than an independent third-party ManCo such as Adepa, and under Ms Vallendar's guidance.

Over the past 2.5 years I have gained internship experience across the Luxembourg fund industry: AML/KYC advisory at Arendt, private-assets transfer agency and investor services at UBS Fund Administration Services, and corporate governance at Triton, where I draft board minutes and have handled the incorporation of more than 15 Luxembourg entities. Each taught me a different side of how a fund works. The experience I enjoyed most, however, and the one behind this application, was my internship in Portfolio Management and Valuation at AManco, an AIFM with around EUR 10 billion under management.

At AManco I worked mainly with the portfolio team, alongside the risk team. I analysed more than 20 investment recommendations across private equity, real estate, private debt and fund-of-funds / co-investment opportunities, prepared investment memos, followed new deals through onboarding and presented my findings to the Investment Committee. I also monitored the assets and valuation reports of five funds, produced the quarterly portfolio and valuation reports for the Board, and supported AIFMD Annex IV reporting. What I loved most was deal analysis, asset monitoring and portfolio reporting: understanding an investment in depth, then following how it performs once it is in the portfolio.

This role is also a natural continuation of my studies. My Master in Management at EDHEC Business School (graduated November 2025) focused on financial services, advanced corporate finance and private equity, and I am currently studying for the CFA. I would bring a solid grounding in PE, RE and fund-of-funds structures, practical experience of the AIFM environment, and the rigour that portfolio oversight requires.

I live in Thionville on a French residence permit and have already worked in Luxembourg during my internships, so no relocation is involved. As a non-EU national, I would need Adepa's support for a Luxembourg work authorisation as a cross-border worker. I am available immediately.

I would love to be considered for a role in your Portfolio Management team and would be glad to discuss my application at your convenience. Thank you very much for your time and consideration.

Kind regards,

Raman Yadav
