Langham Hall Luxembourg – Legal and Transactions Officer – Real Estate

Dear Langham Hall Recruitment Team,

I am applying for the Legal and Transactions Officer – Real Estate position in Luxembourg. Incorporating funds and SPVs, holding board meetings, maintaining registers and coordinating with lawyers and other service providers is the core of my current role, and real estate fund structures are where I would most like to apply it.

In my current internship at Triton Investments Management SARL, a private equity firm, I handled the end-to-end incorporation of more than 15 Luxembourg entities, working with notaries and the controlling and finance teams, and managed the related RCS filings. I draft board minutes and coordinate the post-board DocuSign sign-off of annual accounts across a large portfolio of Luxembourg entities, liaising with directors, auditors, law firms and banks, which has taught me to read constitutional documents carefully and spot the decisions a board needs to take. To keep up with the volume, I built an AI tool, now used daily by the whole team, that compiles, converts and files governance documents in one run.

I also know the real estate fund side. At UBS Fund Administration Services I worked as a transfer agent for private equity and real estate funds, processing subscriptions, capital calls, distributions and investor transfers, setting up more than 150 investor records during the Credit Suisse–UBS migration, and validating more than 100 Partners' Capital Account statements against fund documents. At Arendt Regulatory & Consulting I performed AML/KYC checks and PEP screenings on more than 50 investors, which is directly relevant to fund closings and onboarding. At AManco, Arendt's AIFM, I monitored real estate, private equity and fund-of-funds portfolios and produced quarterly reports for the Board.

I hold a Master in Management (Grande École) from EDHEC Business School and a Bachelor of Technology in Construction Management and Structural Engineering from the Indian Institute of Technology, which gives me a practical feel for real estate assets. I have about two and a half years of experience from internships at a private equity firm, a fund administrator, a consultancy and an AIFM, and I would welcome the ILA/ICSA study support you offer. I am fluent in English, with beginner French and German, and I am available immediately. I live in Thionville on a French residence permit and have already worked in Luxembourg, so no relocation is involved. As a non-EU national I would need Langham Hall's support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss the role.

Yours sincerely,
Raman Yadav
