CACEIS Bank, Luxembourg Branch – CDI – Depositary Operations Analyst, Private Equity & Real Estate Solutions

Dear CACEIS Recruitment Team,

I am applying for the Depositary Operations Analyst position (CDI) in your Private Equity & Real Estate Solutions department. Supervising the maintenance and reconciliation of PE and real estate depositary portfolios, analysing investment contracts through to the final target and performing AIFMD investment-restriction and cash-flow controls combines the two sides of the alternative-fund chain I have worked on in Luxembourg: the AIFM and the fund administrator.

At AManco, Arendt's AIFM with about EUR 10 billion under management, I worked in Portfolio Management and Valuation. I monitored the assets and valuation reports of five funds, produced the quarterly portfolio and valuation reports for the Board, and analysed more than 20 real estate, private equity, private debt and co-investment deals, reviewing structures and investment documentation and presenting them to the Investment Committee. I also supported AIFMD Annex IV reporting with the risk team using SQL.

At UBS Fund Administration Services I worked for private equity and real estate funds, processing capital calls and distributions and validating more than 100 Partners' Capital Account statements against the fund documents. At Arendt Regulatory & Consulting I performed AML/KYC checks on more than 50 investors and helped build an AML/CTF risk-assessment tool that cut review time by 40%, so I am used to improving controls and procedures, not only running them. In my current role at Triton Investments Management SARL, a private equity firm, I work on the governance of a large portfolio of Luxembourg holding entities and built an AI automation tool that the whole team now uses daily.

I have about two and a half years of experience across an AIFM, a fund administrator, a consultancy and a private equity firm, which is below the range you mention, but it is concentrated on exactly the PE and real estate structures your team services. I hold a Master in Management (Grande École) from EDHEC Business School and a Bachelor of Technology from the Indian Institute of Technology, and I am fluent in English. I live in Thionville, close to Esch-sur-Alzette, and am available immediately; as a non-EU national I would need CACEIS's support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss the role.

Yours sincerely,
Raman Yadav
