CACEIS Bank, Luxembourg Branch – CDD – Depositary Operations Officer, Private Equity & Real Estate Solutions

Dear CACEIS Recruitment Team,

I am applying for the Depositary Operations Officer position (CDD) in your Private Equity & Real Estate Solutions department. Analysing PE and real estate portfolio movements, reviewing investment documentation down to the final target, reconciling depositary portfolios and performing first-level AIFMD investment-restriction and cash-flow controls is work that builds directly on what I have done at a Luxembourg AIFM and a PE/RE fund administrator.

At AManco, Arendt's AIFM with about EUR 10 billion under management, I worked in Portfolio Management and Valuation. I monitored the assets and valuation reports of five funds, produced the quarterly portfolio and valuation reports for the Board, and analysed more than 20 real estate, private equity, private debt and co-investment deals, reviewing their structures and investment documentation for the Investment Committee. I also supported AIFMD Annex IV reporting with the risk team, so I know the AIFMD framework your controls are based on.

At UBS Fund Administration Services I worked for private equity and real estate funds, processing capital calls and distributions and validating more than 100 Partners' Capital Account statements against the fund documents. This taught me to follow cash flows between funds, holdings and investors and to reconcile them carefully. In my current role at Triton Investments Management SARL, a private equity firm, I work on the governance of a large portfolio of Luxembourg holding entities, which gives me a practical view of how PE structures are built, and I designed an AI automation tool that the whole team now uses daily. I work every day in advanced Excel.

I hold a Master in Management (Grande École) from EDHEC Business School, with a focus on corporate finance and private equity, and a Bachelor of Technology from the Indian Institute of Technology. I am fluent in English. I live in Thionville, close to Esch-sur-Alzette, and am available immediately; as a non-EU national I would need CACEIS's support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss the role.

Yours sincerely,
Raman Yadav
