**EFG Bank (Luxembourg) S.A. – Product Governance Officer**

Dear EFG Recruitment Team,

I am applying for the Product Governance Officer position in Luxembourg. Monitoring Target Market alerts, preparing distributor reporting to manufacturers, coordinating the New Product Approval process and keeping a full audit trail across the business, Compliance, Risk and Operations combines the fund, compliance and governance work I have done in Luxembourg with the data and reporting skills I use every day.

At AManco, Arendt's AIFM with about EUR 10 billion under management, I monitored the assets and valuation reports of five funds, produced the quarterly portfolio and valuation reports for the Board and supported AIFMD Annex IV regulatory reporting with the risk team using SQL. At Arendt Regulatory & Consulting I worked in AML/CTF advisory, screened more than 50 investors and helped design SARA, Arendt's risk-assessment tool, which cut review time by 40%. This gave me a practical understanding of fund products, of how compliance frameworks are applied case by case, and of how to escalate exceptions with a clean audit trail.

In my current role at Triton Investments Management SARL, a private equity firm, I coordinate board approvals and sign-offs across a large portfolio of Luxembourg entities, track timelines and archive the documentation, which is close to running an approval process like NPA. I also designed and built an AI automation tool that compiles, converts and files governance documents in one run; the whole team now uses it daily. I work in advanced Excel and enjoy building dashboards and controls that make recurring issues visible.

I hold a Master in Management (Grande École) from EDHEC Business School and a Bachelor of Technology from the Indian Institute of Technology, and I am studying for CFA Level I. I am fluent in English. I live in Thionville and already work in Luxembourg; as a non-EU national I would need EFG's support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss the role.

Yours sincerely,
Raman Yadav
