**Langham Hall – London – Analyst, Alternative Investment Fund Management (Regulatory Hosting)**

Dear Hiring Team,

I am applying for the graduate Analyst role in Langham Hall's Regulatory Hosting team. Host AIFM oversight of real estate and private equity funds is the work I know best, from the AIFM side, and I would like to build my career in it in London.

At AManco, a EUR 10 billion Luxembourg AIFM, I monitored private equity, real estate, private debt and fund-of-funds portfolios against their fund documentation, prepared inputs for AIFMD Annex IV reporting to the CSSF and produced quarterly reports for the Board. At UBS Fund Administration Services I worked in transfer agency for private equity and real estate funds, reconciling investor positions and validating more than 100 Partners' Capital Account statements to fixed deadlines. At Arendt Regulatory & Consulting I reviewed AML/KYC and CTF procedures for financial-sector clients against regulatory requirements and documented findings, which is close to the oversight reviews and thematic monitoring your team carries out. At Triton Partners I now support the governance of a large portfolio of Luxembourg entities, preparing board papers and minutes, keeping statutory records current and coordinating sign-offs across directors, auditors, law firms and banks. I also designed and built an AI tool, now used daily by the team, that compiles, converts and files governance documents in one run, and I would bring the same process-improvement mindset to your internal projects. I hold a Master in Management from EDHEC Business School and an engineering degree from IIT, and I am keen to deepen my knowledge of the FCA rules.

I am a non-EU national and would require Skilled Worker visa sponsorship; I am available immediately and ready to relocate to London.

Yours sincerely,
Raman Yadav
