GOTOfreedom Executive Search & Recruitment – Ref. 2296 – Corporate (Finance) & (Governance) Officer

Dear GOTOfreedom Team,

I am applying for the Corporate (Finance) & (Governance) Officer role (ref. 2296) with your client, the private-equity-backed industrial group headquartered in Luxembourg. Bringing structure and follow-through to governance across many entities is exactly what I do today, and working directly with a General Counsel at group level is the next step I am looking for.

In my current role at Triton Investments Management SARL, a private equity firm, I work on corporate governance for a large portfolio of Luxembourg entities. I draft board minutes and coordinate the post-board DocuSign sign-off of annual accounts, so that decisions are documented, signed and followed up on time. I handled the end-to-end incorporation of more than 15 Luxembourg entities, liaising with notaries and with the controlling and finance teams, and managed the related RCS filings. This is the bridge between Legal, Finance and local teams that your client describes. To improve processes and information flows, I designed and built an AI automation tool that compiles, converts and files governance documents in one run; the whole team now uses it daily, and I also drove the team's adoption of Claude, Copilot and Glean.

My finance background comes from the Luxembourg fund industry. At UBS Fund Administration Services I processed capital calls, distributions, subscriptions and redemptions for private equity and real estate funds and validated more than 100 Partners' Capital Account statements. At AManco, Arendt's AIFM, I produced quarterly portfolio and valuation reports for the Board and supported AIFMD Annex IV regulatory reporting, and at Arendt Regulatory & Consulting I carried out AML/KYC checks on more than 50 investors. I am used to multi-entity, international environments, tight deadlines and coordinating stakeholders who sit in different teams and countries.

I have about two and a half years of experience from internships at a private equity firm, a fund administrator, a consultancy and an AIFM. I hold a Master in Management (Grande École) from EDHEC Business School, graduated in November 2025, and a Bachelor of Technology from the Indian Institute of Technology. I am fluent in English with beginner French and German, and I am available immediately. I live in Thionville on a French residence permit and have already worked in Luxembourg during my internships, so no relocation or visa from abroad is involved. As a non-EU national I would need the employer's support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss the role.

Yours sincerely,
Raman Yadav
