Northern Trust Global Services SE – AML Consultant, Compliance (R154518)

Dear Northern Trust Recruitment Team,

I am applying for the AML Consultant position in the Compliance team of Northern Trust Global Services SE in Luxembourg. The role combines AML/CTF advisory to the Transfer Agency business, PEP and high-risk client reviews, compliance monitoring and AML reporting, which brings together the two areas I know best from my Luxembourg experience: AML/CTF compliance and transfer agency.

At Arendt Regulatory & Consulting I worked in AML/CTF advisory, performing PEP screenings and AML checks on more than 50 individual and institutional investors and escalating high-risk cases for review. I also contributed to the design and implementation of SARA, Arendt's AML/CTF risk-assessment tool, which cut review time by 40%. This gave me a practical understanding of the Luxembourg AML/CTF framework, of how a risk assessment is structured and documented, and of when a case needs to go to the MLRO.

At UBS Fund Administration Services I worked as a transfer agent in investor services for private equity and real estate funds. I processed investor activity, set up more than 150 investor records during the Credit Suisse–UBS migration and validated more than 100 Partners' Capital Account statements, so I understand the transfer agency processes that AML advice has to fit into. At AManco, Arendt's AIFM, I supported AIFMD Annex IV regulatory reporting and produced quarterly reports for the Board, which is close to the AML/CTF reporting and the input to the annual Compliance report in this role. In my current role at Triton Investments Management SARL, a private equity firm, I work on corporate governance for a large portfolio of Luxembourg entities and built an AI automation tool that the whole team now uses.

I have about two and a half years of experience across a private equity firm, a fund administrator, a consultancy and an AIFM. I hold a Master in Management (Grande École) from EDHEC Business School and a Bachelor of Technology from the Indian Institute of Technology. I am fluent in English, with beginner French and German, and available immediately. I live in Thionville and already work in Luxembourg; as a non-EU national I would need Northern Trust's support for a Luxembourg work authorisation as a cross-border worker.

I would welcome the opportunity to discuss the role.

Yours sincerely,
Raman Yadav
